declare that we have reviewed and understand the contents of the specification and claims of U.S. Patent Application Serial No. 09/696,735, and we verily believe that we are the original, first and joint inventors or discoverers of the invention or discovery in

STYRENIC BLOCK COPOLYMER BREATHABLE ELASTOMERIC FILMS

described and claimed in an application for Letters Patent of the United States having Serial No. 09/696,735, and a Filing Date of 25 October 2000; that this application discloses and claims subject matter disclosed in our earlier Provisional patent application of which we hereby claim the benefit under 35 U.S.C. § 119(e), Serial No. 60/162,649, filed 01 November 1999 and that this application in part discloses and claims subject matter disclosed in our earlier filed pending application(s) of which we hereby claim the benefit under 35 U.S.C., Section 120, Serial No. 09/685,070, filed 10 October 2000; that as to the subject matter of this application which is common to any said earlier application(s), we do not know and do

not believe that the same was ever known or used in the United States before our invention or discovery thereof; that to the best of our knowledge and belief the invention of said common subject matter has not been in public use or on sale in the United States more than one year prior to the earliest of said application(s) or patented or described in any printed publication in any country before our invention thereof or more than one year prior to the earliest of said application(s), or patented or made the subject of an inventors' certificate in any foreign country prior to the date of the earliest of said application(s) on an application filed by ourselves or our legal representatives or assigns more than twelve months prior to the earliest of said application(s) in this country; and that no application for patent or inventors' certificate on the invention or discovery of said common subject matter has been filed by us or our legal representatives or assigns in any country foreign to the United States, except as follows:

None

that as to the subject matter of this application which is not common to said earlier application(s), we do not know and do not believe that the same was ever known or used in the United States before our invention or discovery thereof; that to the best of our knowledge and belief the invention thereof has not been in public use or on sale in the United States more than one year prior to this application or patented or described in any printed publication in any country before our invention thereof or more than one year prior to this application, or patented or made the subject of an inventors' certificate in any foreign country prior to the date of this application on an application filed by ourselves or our legal representatives or assigns more than twelve months prior to this application in this country; that we acknowledge our duty to disclose information of which we are aware which is material to the examination of this application in accordance with 37 C.F.R. 1.56(a); that, insofar as the subject matter of each of the claims of this application is not disclosed in said earlier application(s) in the manner provided by 35 U.S.C. Section 112, first paragraph, we acknowledge our duty to disclose information that is material to examination of this application which occurred between the filing date of said earlier pending application(s) relied upon under 35 U.S.C. 120 and the filing date of this application, and that no application for patent or inventors' certificate on this invention or discovery has been filed by us or our legal representatives or assigns in any country foreign to the United States, except as follows:

None
